I. Rental Homes that include a motorized boat:

The permit for the boat included with your rental is a COMMERCIAL PERMIT. As such, the operation of the boat must be handled in strict accordance with the Town of Lake Lure boating regulations. **Commercial Boats may not be on the water after dark.** The check-in and check-out process is mandatory regardless of your boating skill level and can not be waived.

Rental Begins – The afternoon of your arrival. After you have comfortably checked-in and arrived at your rental property, LCVR's BOAT MASTER will arrange to meet you at the docking facility for the boat to review operation, regulations, and safety. Please be prepared to spend 30 minutes to an hour with the BOAT MASTER for the initial Boat Check. Boat Check-Ins are completed **before dark** the day of check-in. Make sure you arrive in ample time prior to dark before the boat check-in. The person responsible for the lease of the rental home is also responsible to fulfill all requirements of the boat check in process. Only persons over the age of 21 are allowed to operate the boat, and all operators must be present for the operation, regulation and safety review. A valid driver's license must be presented for each operator. For late or after dark arrivals, the boat check-in will be completed the next day between the hours of 9am and 11am.

Rental Ends – No later than 6pm the evening prior to your departure. A pre-set appointment will be made for a departure check of the boat with the BOAT MASTER. The person responsible for the lease of the rental home is also responsible and must be present for the final boat check-out. The boat is to be returned clean, free of trash, and with a full tank of gas and in good working order.
